About the Miami Grand Prix

The Miami Grand Prix is a fairly new addition to the race calendar, making its inaugural race back in 2022. Set around the iconic Hard Rock Stadium, the Miami International Autodrome offers an unforgettable backdrop for one of Formula 1's most glamorous race days. This purpose-built street track weaves through pulsating heart of the Miami Gardens. It's known for its distinct layout, lively crowds and a star-studded guest list.

Your package comes with a **Beach or Marina Grandstand Ticket**, putting you right at the heart of the action. The Beach Grandstand features bleacher-style seating and provides spectacular views of Turns 11 through 13. Meanwhile, the Marina Grandstand offers a seat-back style seating and a vantage point for witnessing the cars as they navigate the twisty Turns 6 & 7 before accelerating towards the South straightaway. Both grandstand sections can also view the large screen TV.
